

Tufts Degree Audit: *base64* *is not encryption*

Mels Burns, Spring 2022

The website that tells you if you have the right credits to graduate. Has caused me pain in the past...

[illegible]

That URL looks weird...

<https://uachieve.it.tufts.edu/selfservice/audit/list.html?crossApp=CrossAppUrlAttributes!!!!ISEhIWluc3RpZHE9NzlhISEhaW5zdGlkPTM5MDEgICAgISEhIWluc3RjZC5jb2RIPSAGlCEhISFpbnN0Y2QubmFtZT1UdWZ0cyBVbml2ZXJzaXR5ISEhIXN0dWRlbnQ9Q1dFSU5TMDQhISEhY3JIYXRIUGxhbj0hISEhcmVmcmVzaENvbGxIY3Rpb249dHJ1ZSEhISFjb2xsZWNOaW9uUmVsb2FkZWQ9ZmFsc2UhISEhdGVybVRvUmVnaXN0ZXI9ISEhIWNvdXJzZXNUb1JIZ2lzdGVyPW51bGw=>

Decodes to:

```
!!!!instidq=72!!!!instid=3901      !!!!instcd.code=
!!!!instcd.name=Tufts
University!!!!student=MBURNS01!!!!createPlan=!!!!refreshCollecti
on=false!!!!collectionReloaded=false!!!!termToRegister=!!!!cours
esToRegister=null
```

Why do they need my username in the URL if I'm already signed in?

```
!!!!instidq=72!!!!instid=3901      !!!!instcd.code=      !!!!instcd.name=Tufts  
University!!!!student=MBURNS01!!!!createPlan=!!!!refreshCollection=false!!!!  
collectionReloaded=false!!!!termToRegister=!!!!coursesToRegister=null
```

1. Change username to whatever you want
2. Change refreshCollection from false to true
3. Re-encode in base64
4. Put it back in the URL
5. Reload the page...

The authorization on the degree audit tab didn't extend to the schedule view!

Response

Email chain: Me -> Ming -> Lorna Koppel -> Tufts security team

9 days later...

Hi Melinda,

Your email regarding this security issue was forwarded to our group. We have applied a patch from the vendor to fix this issue. Can you please test as you did below and let us know if this issue still exists.

Please reply all to this email.

Thank you in advance for reporting this issue and testing.

Shocking Revelations

Base64 is not encryption

Decode from Base64 format

Simply enter your data then push the decode button.

```
